Project

See Change

See Change is the local name for Julian House in Bristol.

Our vision is a just society where socially excluded people are supported and empowered to build sustainable, independent lives.

We provide real opportunity and support to help people move away from rough sleeping. This includes giving our clients;

- Accommodation
- Support
- Education and training
- Employment opportunities

Employment & skills

Part of our purpose is to empower all users of our services to achieve their fullest potential

We encourage clients to make meaningful use of their time. This could be exploring existing talents which have not been utilised for many years, volunteering or trying something new.

Creating opportunities to train, gain confidence and make progress towards independence and employment. Our [Bike Workshop](#) social enterprises* provide a fantastic opportunity to achieve all of this. Clients, under supervision, get used to the work place environment and gain valuable skills and experience.

*Trading under the Julian House name.
